To Boost Bond Sales

The air armada can be viewed by anyone who purchased a Seventh War Loan bond either at the airport or at one of the local motion picture houses. These bonds are good also for the movie premiere which will be held June 14.

In addition to her husband she leaves six children, Victor A., Elvira, J., Eugene V., Irvin L., Harold E., and Agnes R. Cartwright; two brothers, Fred R. Seaman and Victor Seaman Hubbard; O.; three sisters, Mrs. Jennie Pearson of Houston, Tex., Mrs. Margaret Cartwright and Mrs. Sadie Conley, both of New Castle, and two grandchildren, Charles Edward and Lois Ann Cartwright.

A son, Charles N. Cartwright, died February 2, 1944. A sister, Mrs. Maude McKnight, preceded her in death four years ago.

The body has been removed to the Howard L. Reynolds funeral home, Adams street, where funeral services will be conducted Sunday afternoon at 2 o'clock, with Rev. David Reed officiating.

Interment will take place in Oak Park cemetery.

Mrs. Milson Funeral

Funeral services for Mrs. John E. Milson were held from the Joseph B. Leyde mortuary, Highland at Winter, Tuesday at 2:30 p.m., Rev. Oliver W. Hurst in charge.

Mrs. Paul Weiler sang two selections, accompanied by Mrs. S. Glenn McCracken on the pipe organ.

Pallbearers were Joy and Carl Milson, Fred Allen, Walter Allen, Albert Richards and Howard Edwards.

Interment was in Castle View Burial park.

forts to restore calm in the Levant where increasing numbers of persons have met death or suffered injury in bitter clashes.

Although it was difficult to assess the number of casualties so far, diplomatic quarters estimated that "some hundreds" had suffered as a result of the outbreak of violence.

It was officially confirmed that among the casualties was a British officer who was killed. A second British officer was wounded. The death and wounding occurred during the shelling of the Orient Palace hotel in Damascus.

The Syrian Chamber of Deputies sat in ruins after its destruction by shells.

British Minister Terence Shone from Damascus that the windows of the British legation had been shattered by bullets.

According to information now available in London, the number of French troops sent into the Levant recently slightly exceeds the number which previously had been withdrawn.

Although reports continued to arrive of disturbances in Syria at other points besides Damascus, particularly at Hama, the French-controlled Beirut radio said that the entire Lebanon was calm through yesterday.

Increased Demand For Full-time Farm Laborers Is Made On Farm Labor Office Here

Increased demand for year-round farm laborers indicates that the situation in Lawrence county is becoming more serious, Farm Labor Assistant Donald L. Cameron of the Lawrence County Farm Labor Office stated today.

Requesters for full-time farm laborers tied with the office now total almost 200. Mr. Cameron stated while many other farmers are seeking high school youths for work on farms he is asked to register at the Farm Labor Office in the YMCA building or to call 6982.

Anyone having experience in farm work is asked to register at the Farm Labor Office in the YMCA building or to call 6982.

Mr. Helen M. Dykko

Miss Helen Mildred Dykko, aged 33 years, of Wampum R. D. 1, died Wednesday morning at 5:20 o'clock in the New Castle hospital as the result of an extended illness. She was the daughter of Tony and Tillie Kurzon Dykko.

Survivors in addition to her parents include six sisters, Miss June Dykko at home, Mrs. Sophia Wiedeck of Cleveland, O.; Mrs. Stella Yann, Mrs. Blanche Boren and Mrs. Stella Tezza, all of New Castle.

The court charged that Free changed his name to Free Bey as joining a religious order and refused to accept mail from his draft board under the old name.

Wilbur R. Phillips, 33, of Ebensburg, was also convicted on a draft evasion charge and was to be sentenced later.

island from the east coast, were some three thousand yards apart just south of the city.

The steadily-narrowing gap separating the two divisions, already under fire by hammering American artillery fire from commanding hill-top positions, represented the lone chance for the enemy's Shuri garrison to escape complete annihilation.

Will Not End Battle

Although destruction of Shuri's defenses would definitely hasten the Tenth Army triumph on Okinawa, a headquarters spokesman cautioned that it would not eliminate Japanese opposition. The best that can be expected is that the Japanese garrison force will be shattered and split into small, isolated pockets to be wiped out one by one.

With elements of the First Marine Division already inside the city and holding its ancient castle, the Sixty-Seventh and Ninety-Sixth Army Divisions were pouring a curtain of fire into enemy positions holding out north of the town.

Smash Into Shuri

Leathernecks of the First Marine Division made the initial smash into Shuri to seize the castle and raise the Stars and Stripes over the fortress which once served as headquarters of the Japanese field command and centuries ago housed Okinawan kings.

All of rubbed Naha, Okinawa's once proud capital city, was in American hands and Marines inside the place could look across Naha Bay and view the Naha airfield, largest and most prized landing strip on the island.

Ground action continued at a grueling pace throughout yesterday in the muddy terrain and constant rain, but bogged down armored vehicles and motor transport.

UNITED NATIONS CONFERENCE END TO BE DELAYED

(Continued From Page One)

charter-writing conference could go even longer. In the wake of a Memorial Day public commission session which produced a new Soviet-backed controversy, San Francisco heard reports that the conference might end to leave unfinished business to its 49-member steering committee.

Syria Situation Worries

The world security meeting was further beset by ongoing collateral problems, notably the embattled situation in Syria which last night caused British Foreign Secretary Anthony Eden to report that his government was considering action that may be required.

The conference trusteehip committee was expected to hold its first meeting of this week today, in an effort to lead up to the issues on which Russia has still not given final answer. The Soviet delegation has demanded elimination of a proposed seat for maintenance of the League mandates until new trusteeships are negotiated.

The U. S. delegation is insisting that this section stand as a permanent article of the charter, and not as an existing article.

Conferees delegates especially viewed the League's plan with concern because it comes at a time when both the Russians and the Pan-Arab States were attacking the League's charter, and in setting up a trusteeship plan for dependent areas.

One thing appeared clear however: Until Russia gives its answers on the trusteeship of a security council veto questions, the big issues are set aside, pending an undertaking by the Big Five leaders to end the conference which began April 25.

EASTERN STAR, NO. 105 CHAPTER INITIATES

New Castle Chapter No. 105, Order of Eastern Star, met in the Scottish Rite Cathedral Monday evening, for the conferring of degrees on a class of candidates. Mrs. Coraeta M. Reid, worthy matron, was ably assisted by acting patron, Rev. Wm. A. Thornton of Erie, and formerly of this city.

Amidst a floral setting, the impressive ceremonial was conducted in the presence of a large gathering of guests. Conductor was Mrs. Kathryn Hornung, was aided by Mrs. Margaret Frank.

District deputy grand matron of District, 2-B, Mrs. Estelle E. Weddel, was a special guest, being escorted to the East by a guard of honor, and presented a personal gift. Soloists were Mrs. Flossie Welles, Anna Pyle and her choir with Mrs. Helen Felch, soloist.

Refreshments were served at the close in the main dining room by Mrs. Edith Simpson, Mrs. Bertha Armstrong and their committee.

For the June 27 gathering, a picnic outing is planned at Cascade Park for members and families.

RECEPTION HONORS SGT. KENNEDY, BRIDE

Honoring their son, home on furlough en route, and his bride, Tech. Sgt. and Mrs. John Kennedy, Mr. and Mrs. Thomas Kennedy of 1409 Huron avenue entertained informally at a reception on a recent evening for a host of immediate relatives and friends.

The bride, nee Marjorie Kallweit, daughter of Mr. and Mrs. Harry Kallweit of Pitt Center, Nebraska, was united in marriage to Tech. Sgt. Kennedy, then stationed at Camp Gordon, Ga., at a quiet ceremony solemnized on February 10, 1945, at Aiken, S. C. The Rev. C. E. Harbor of the Zion Lutheran church there, was the officiating minister.

Upwards of 40 guests participated at the reception. Sharing honors, however, with the couple was Capt. Robert McInnis, resident of Canton, O., and husband of Mrs. Ruth Williams McInnis of South Mill street this city. Captain McInnis, having completed his required missions as pilot on a P-51, has just returned from 11 months in England. A buffet lunch was served.

In addition, Sgt. and Mrs. Kennedy were the recipient of a shower of beautiful and serviceable gifts of a miscellaneous nature, for their future home.

Sergeant Kennedy has left for Brooklyn, N. Y., where he will be reassigned. For the present his bride is remaining here with his parents pending his next post of duty.

WASHINGTON—President Harry S. Truman: "Decent unemployment benefits would serve as a bulwark against postwar inflation."

SAN FRANCISCO—Secretary of State Edward Stettinius: "It is our intention to continue collaborating to the fullest extent with our Allies in order to achieve: First the utter destruction of German militarism and Nazism; and the second absolute assurance that Germany

shall never again be able to threaten the neighbors or disturb the peace of the world. Our policy toward Japan is directed to the same end."

NEW YORK—Gen. Alexander A. Vandegrift, commander of the U.S. Marine Corps: "In all our battle experience with Japanese forces we have never found them ready to surrender when a situation became obviously hopeless."

Believe Prison Break Attempt Is Discovered

PITTSBURGH, May 31.—(INS)—The stumbling of a five-year-old boy into a small hole outside the 65-foot wall of the western penitentiary today was credited with thwarting a prison break.

With his playmates, George Greco of Woods Run was playing in a street behind the Woods Run settlement house when his foot became caught in an eight by eight inch hole in the ground beside the east wall of the penitentiary.

The hole, which widened beneath the surface of the ground, apparently was dug from the inside of the prison near the laundry building. In it was a large trowel, a rope and a plane.

An investigation to determine who or how many were involved in the attempted break was begun.

Deputy Warden William declined to disclose details of the escape plot.

The boy who foiled the break is one of eight children of Mr. and Mrs. John Greco.

Little George attached no significance to the incident. He said:

"We were playing right at the wall when my foot slipped into a hole. I told my brother Paul about it. Paul informed the neighbors and they told a penitentiary guard."

chance to express her views before a congressional committee, thank to a clever parliamentary maneuver by one of her admirers.

Rep. Donald L. O'Toole, D., of New York, attempted unsuccessfully for weeks to obtain the consent of the House rules committee to have her testify concerning alleged discrimination against her treatment. Furthermore, the committee pigeon-holed his resolution for an investigation.

O'Toole turned the tables, however, by introducing a resolution for construction of a national infantile paralysis clinic in memory of Franklin D. Roosevelt, and having it referred to the library committee, of which he is chairman. Then he announced that Sister Kenny would be a leading witness.

Legion Drives For Bond Sales To Buy Hospital Ships

Adjusted Service Certificate Holders Urged To Turn Them Into War Bonds

Pennsylvania Legionnaires and members of their auxiliary units are waging a campaign to allocate bond purchases to the Pennsylvania departments campaign for enough bonds to buy three hospital ships in the Seventh War Loan.

Particular attention is being directed towards those World War One veterans, who are now cashing in their Adjusted Service Bonds which with accumulated interest, provide a nice payment to those who have held their bonds.

While it is impossible to turn the bonds directly into war bonds, A. R. Heiman, chairman of war bond sales in the local area states, the bonds can be presented for redemption at the local banks or at the Post Office, and a check in the full amount will be sent to them by the Treasury Department. These in turn can be turned into bonds.

Sgt. J. Douglewicz Gets Bronze Star

Also Awarded Purple Heart For Wounds Received In Germany March 5, 1945

FIRST Sergeant Joseph T. Douglewicz, son of Mr. and Mrs. Anthony Drapko, of 107 East Sharp street, has been awarded the Bronze Star medal for meritorious achievement in connection with military operations against the enemy from December 9, 1944, to February 27, 1945.

"His leadership ability and great initiative are in accordance with the highest military traditions," the citation read.

Sgt. Douglewicz was also awarded the Purple Heart medal for wounds received in Germany, March 5, 1945, during the battle of the Rhine. He participated in three major battles and was attached to the 78th Infantry Division of the First Army.

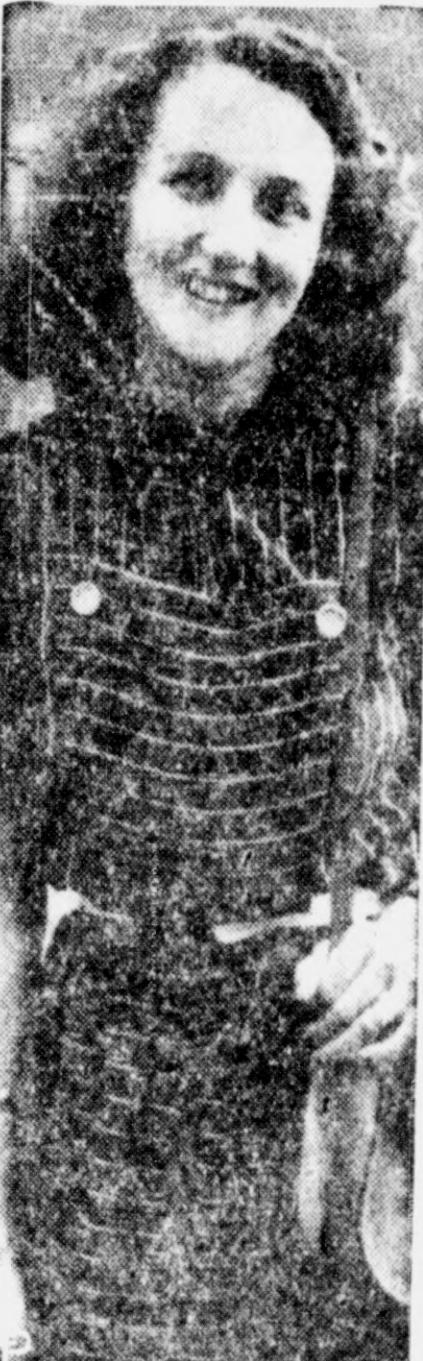

Following a convalescent leave from the Woodrow Wilson Hospital, Staunton, Va., Sgt. Douglewicz arrived home on a 30-day furlough and upon its completion will return to Virginia.

His wife, Mrs. Alease Douglewicz, of Richmond, Va., and has a son, Thomas Douglewicz.

Resident's Brother Reported Liberated

John Pelegro, of 1314 Highland avenue, received a letter from his brother, Bruno Pelegro, of the Italian army, saying that he had been liberated as a prisoner of war by the Germans.

The young man was liberated on May 19, 1945. He had been a prisoner for about two years. He has now returned to his family at Pittsburgh, Pa.

Two other brothers, Romeo, of Harrison Avenue, and Raymond, of Elizabeth Street, reside in the city, and two other brothers, Joe and Tony, reside in Italy.

assured that the 1945 model of the locomotive system can be used to generate electric power for the first time in history.

WASHINGTON, May 30 (UPI)—The locomotive system, consisting of the engine, generator, motor and switch gear, can now be used to generate electric power for the first time in history.

The new system, developed by the U.S. Bureau of Standards, consists of five mobile stations on the engine, generator, motor, switch gear and control gear. The stations are connected by a single cable.

The important advantage of the new system is that it can be used on any type of locomotive, regardless of age, model, condition or location. This makes it possible to convert old locomotives into modern powerplants.

KILL WEEDS: THEY REDUCE CORN CROP

Experiments have shown that weeds growing in corn have reduced the yield by 80 per cent. Farmers should do a good job of preparing the seedbed and a thorough and timely job of corn cultivation if they want to grow weed-free corn.

Weeds compete with the corn plants for moisture and plant nutrients. The first cultivation may be made with a spike-tooth harrow or weeder 3 to 5 days after the corn has been planted. Care must be taken that the kernels are not disturbed. This cultivation is of particular importance and timeliness if the ground has been crusted by rain after planting.

After the corn is up, the spike-tooth harrow or weeder can be used again to good effect. This helps kill the weeds in the rows and helps to keep down ridging of the rows. This cultivation should be done in the afternoon when the plants are tough and can be repeated until the plants are 8 inches high. Where this method is not feasible, the first cultivation can be made with an ordinary cultivator with tenders attached to shield the small corn plants.

GROWING PIGS NEED FULL FEED, MINERALS

A large percentage of the spring-farrowed pigs have reached the weaning age and should be on full feed by this time. If they are of good size, 8 to 9 weeks old, and on full feed, the sows can be taken away from them with little effect on the pigs.

A few days before weaning, feed for the brood sow should be limited to whole oats. The sow should be kept on the oats ration after weaning until the udder are completely dried up, usually from 4 to 5 days to a week. When the sows are on the oats ration, pigs should be given extra feed placed so the sows cannot get at it.

It is best to remove the sows and leave the pigs in the quarters where they were running.

Pigs should be kept on pasture and have access to a growing ration containing 16 to 18 per cent protein. They should be fed with a self-feeder to remain on full feed. Sows need water and shade at all times. Mineral mixtures should be available to the pigs at all times.

EVERY FAMILY URGED TO PRESERVE FOOD AT HOME

It is extremely important for every family in Lawrence county to preserve food this year. With 48 per cent of the commercial pack of foods set aside for military use in 1945, the supply of canned foods for civilians will be less than at any time during the year.

In addition to the short supply is the present high point value on canned foods. With high point value, homemakers may find it difficult to provide the five or more daily servings of fruits and vegetables that are recommended for good health, unless some food is preserved at home.

In a nation-wide survey on home preservation of food in the fall of 1944, the following facts were obtained. Some Lawrence county homemakers probably would say the same things:

1. Lack of time and expense were two main reasons for not preserving foods at home.

2. Seventeen per cent of the non-farm families and 7 per cent of the farm families started to preserve foods within the last four years.

3. Most of the non-farm families used open kettle or boiling water bath while nearly half of the farm group used the pressure cooker.

4. When spoilage was reported, the largest number of families said less than five quarts were lost.

5. Jars lids and rubber rings were major difficulties of all homemakers.

6. About one-tenth of the families dried and froze some foods.

7. Foods canned by both farm and non-farm families included fruits, tomatoes, beans, corn, peas and sauerkraut.

APPLY NOW TO HAVE SEED CERTIFIED

Farmers interested in producing certified seed should get in their applications for inspection of promising seeds without delay.

The Bureau of Plant Industry of the State Department of Agriculture has a seed certification service which inspects fields, tests the seed for purity and germination. If the seed passes these requirements, the

Five Killed In Train Accidents At Pittsburgh

PITTSBURGH, May 31.—INS—Allegheny county authorities today revealed that five persons—three adult brothers and two small boys—were killed in two Memorial Day train accidents in Pittsburgh.

The three brothers died of burns suffered when their car was engulfed by flames after it was hit by a Pennsylvania railroad train at Haysville crossing, near Sewickley. The two boys were killed, Pittsburgh police stated, when struck by a Cincinnati-Pittsburgh passenger train of the Pennsylvania railroad.

Playmates of the boys said that the pair sat on the Panhandle division tracks of the railroad near a tunnel and apparently did not hear the train approach, both were pronounced dead when removed to Mercy Hospital in Pittsburgh.

The boys were identified as seven-year-old Robert Cypher, and Dale

Zucconi, 12, both of Pittsburgh. The three victims of the Haysville accident were listed by Pittsburgh police as Lynn, 39, Chester, 30, and James T. Rogers, 40, all employees of Dravo shipyards. All of the brothers were born in Rosston, Ark., and their bodies will be sent there for burial, relatives said.

STATE POLICE SEEK HIT-RUN DRIVER

State police today were seeking the driver of an auto who ran his car over the left foot of Robert Fair, age 9, of Wampum, on the West Pittsburg-Cheston road about 10 a.m. Memorial day, they stated today. The boy's foot was cut and the ankle may be fractured. It was also reported.

According to the police investigation, Fair and three other young boys were walking along the edge of the road when they saw the car approaching. One of three boys walking in advance of Fair yelled "Jump!" The three managed to get out of the path of the car but not Fair and he was struck.

The car kept on its way, according to the boys.

Governor Signs Benefits Raise

HARRISBURG, May 31.—INS—A liberalized program of unemployment compensation boosting maximum weekly benefits from \$18 to \$20 for 20 weeks was signed Tuesday by Gov. Edward Martin.

Under the bill, introduced by Rep. Louis H. Farrell of Philadelphia, and John H. Walker, of Allegheny, applicants must wait one week before benefits will be paid.

Under the "GI" Bill of Rights honorably discharged servicemen and women must exhaust 52 weeks of federal benefits before they become eligible for state payments.

Earlier, Governor Martin approved measures increasing maximum payments for recipients of occupational disease and workmen's compensation benefits from \$18 to \$20.

How Britain Beat Magnetic Mines

Millions Of Tennis Balls Used In
Meeting Technical Battle
With Nazi Mines

LONDON, May 31.—INS—Britain won the battle of the magnetic mine, first technical battle of the war, with 23,000,000 tennis balls, authorities revealed today.

While indignant tennis players were wondering just where the balls had gone, hundreds of men, women and girls were toiling in a large factory in the south of England turning out miles of special self-bouyant electrified cable, partly composed of the insides of tennis balls.

Vigorous competition between technical and scientific experts to discover the absolute mine killer produced many schemes, varying from flat fish fitted with bar magnets to giant cells on aircraft—but they all failed.

That is until Christmas day of 1939, nearly two months after the battle began, when Dr. P. Dunsheth, engineer, hit upon the idea of an electrified cable.

He formed a process for winding around the rubber cylindrical insides of tennis balls two layers of thin copper conductor wire, 500 strands thick, and covering the whole job with insulating tape, another layer of rubber and a final wrapping of canvas.

When laid in the sea the cable pulsated with electric current generated in "mother" ships and rendered the magnetic mine a powerless piece of wreckage.

ERIE—Seventeen year old Ann Kunz was an interested spectator at an army infantry show in the stadium until a mine on the field exploded during a mock battle and hurled a stone which broke her glasses and cut the left eyeball.

LT. GEN. MARK CLARK

Lieut. Gen. Mark Wayne Clark, home from the wars after starring as the No. 1 U. S. hero of the African and Italian campaigns, from earliest childhood was headed toward a military life.

Born May 1, 1896, at Madison Barracks, N. Y., son of the late Col. Charles C. Clark, he subsequently lived in Army posts until he entered West Point, graduating in April, 1917, just in time to enter World War I in which he suffered a shrapnel wound.

After World War II broke out the lanky, six-foot-three born military man rose within two years from Lieutenant colonel to become at 46 the youngest Lieutenant general.

LaGuardia pointed out, however, that the \$65 million provided in the committee's proposed bill "has little importance" to New York, Chicago, Detroit, Philadelphia, Los Angeles or many other large cities in the United States.

Program Is Just Fraction

"The program proposed for the country as a whole represents only a fractional part of what is needed or required to build up our major air terminal facilities," he said.

Cost of New York City's new airport, said the mayor, is estimated at \$72 millions—or one year's contemplated federal appropriation for the country as a whole.

"It is now high time the United States government assumed its proper responsibility in seeing to it that we have the finest and best integrated systems of airports in the whole world," the mayor told the committee.

Local Planning Inadequate

He warned that neither local nor state planning can be expected to define and outline an airport network essential to national defense, the postal service or air transport.

"Only through national direction and supervision exercised by the established agency of government, at present the Civil Aeronautics Authority, and appropriation of adequate federal funds, will it be possible to build up a national system or network of landing areas," he said.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes which help to purify the blood and keep you healthy. When they get tired and worn out from overwork, many people have to get up at night. Frequent or nocturnal passages with starting and burning sometimes shows there is something wrong with your kidneys. If you have this condition and lose valuable rest, you're right.

When disease of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, aches, loss of pep and energy, aching, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully for over 40 years. They help relieve and will help the 15 miles of kidney tubes flush out your poison waste from your blood. Get Doan's Pills.

PEACE TIME JOB OUTLOOK GOOD

PHILADELPHIA, May 31.—(INS) Bright peace time employment prospects were foreseen for Pennsylvania today in a report by the National Association of Manufacturers predicting more jobs would be available after reconversion period should be a rise of 1,300,000 industrial workers.

The NAM did not scout employment possibilities other than manufacturing and heavy industry, according to the report.

"When the entire transition to

expected after layoffs ranging up to three months while industry switched to regular production, has been completed, factory employment may be considerably below the top of the war time peak," the report asserted. "However, it will also be far above pre-war and will represent the highest level of factory employment ever enjoyed by the state of Pennsylvania in peacetime."

Bessemer High
Commencement
Program Tonight

Bessemer High School Will Graduate 54 Seniors At Exercises This Evening

Commencement program for Bessemer high school to be held this evening at 8 o'clock in the school auditorium has been planned around the theme "Educational Opportunities in the Armed Forces," various phases of which five honor students will discuss. This will be the 25th annual commencement program for Bessemer high school.

Valedictorian Judith Reutter will speak on "The G.I. Bill of Rights"; Dorothy Gruen, "Education in College Programs of the Armed Forces"; Dorothy Basco will have the subject "Three R's for Private Pete"; Virginia DeRose, "The Armed Forces Institute"; and Ralph Cicerchia, "Credit for Training in the Armed Forces."

Fifty-four graduates will receive diplomas from Glenn Stanley, president of the board of education; Chandler B. McMillan, supervising principal, will present the class.

Music for the program will consist of band selections, a duet by Fern Scott and Dolores Martin and a trumpet duet by Emil Gasperini and Mike Lupo, accompanied by Keith Retart.

Rev. Joseph A. Young of the Bessemer Catholic church will give the invocation.

Cecil Beets will present the class key to Wilbur Nelson.

A reception for the graduates will follow the program.

SNORING GERMAN SNORES NO MORE

WITH U.S. FORCES ON WESTERN FRONT—(INS)—State Sgt. Ellis P. Sturis of Kokomo, Ind., finished camouflaging his supply jeep, crawled into his sleeping bag and soon was fast asleep.

The next morning he found a sleeping German stretched out on his camouflaged jet. None too gently rolled off the net, the Nazi whipped out a pistol but fell with a bullet in him from the sergeant's quick-triggered gun.

"The damned Nazi snored," said Sgt. Sturis.

"For thou, Jehovah, hast made me glad!"—Psalm 92:4

BY NEWMAN CAMPBELL (The International Uniform Less.) On the above topic for June 3 is Malachi; Matthew 2; Luke 1-2; Galatians 4:4-5; the Memory Verse—Psalm 92:4. For Thou, Jehovah, hast made me glad.

There is a division of opinion about the Book of Malachi, one group of commentators saying Malachi was a prophet, the last of the prophets of Israel, who bore that name; the other holding that there was no man named Malachi, but that the name represented the subject, i.e., the author of this last book of the Old Testament. Malachi means "messenger" in this case "messenger of the covenant" or "Messiah."

At this period in Israelish history, the Jews were again living in

Mothers Here Delighted With This New Double Milk PROTEIN MINERAL BREAD Because it Helps Build Better Bodies!

There is Now Contained In Every Loaf of This Amazing New Wonder Bread Double

The Amount of Milk Proteins For Building And Repairing Body Tissue And Double The Amount of Milk Minerals For Bone Structure

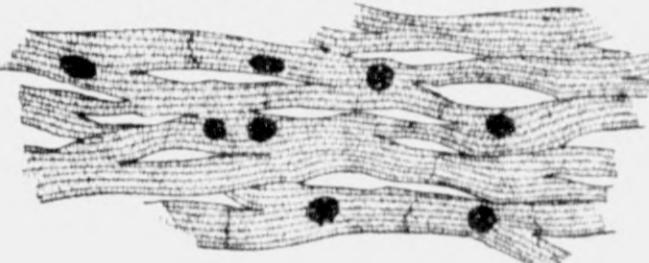

Nature Uses Milk Calcium For Bones and Teeth

The Human Heart Beats 100,800 Times Per Day

To Pump 1,064 to 3,192 Gallons of Blood (approximate)

Cells of Cardiac Muscle Tissue (Greatly Magnified) Continuously Break Down. To Rebuild Worn-Out Cells Nature Depends Largely On Protein.

No machine of steel can rival the human heart—run 70 years without stopping.

New Wonder Bread With Double Milk PROTEINS MINERALS Great For Supplying Energy See Chart

A CHAIN IS ONLY AS STRONG AS ITS WEAKEST LINK . . . your body is only as good as the health of its cells. In young people, cells grow and new cells must develop. In old people, worn-out cells must be rebuilt.

In the making of flesh and bone Nature uses principally proteins and minerals. Obviously milk must be a good source of these proteins and minerals. Or Nature would not use milk to start you off in life.

Naturally, children need more of these food elements because they are growing. But adults also need proteins and minerals. Because your bodily machine is wearing out every moment of the day. And must be repaired.

We have no more time or space to devote to Malachi, shall turn to the New Testaments which was written four centuries later. We will omit the story of Jesus birth in Matthew and go on to St. Luke's account, as it is not Christmas time.

St. Luke's story goes back to the birth of John the Baptist, the forerunner of Christ. He tells of the angels announcement to Zacharias that he and his wife would have a child and he was to be named John. Zacharias was stricken dumb after the angel's visit.

Before John's birth Elizabeth was visited by her cousin, Mary, who had been told that she had been selected as the mother of the Messiah and His name should be Jesus. Elizabeth rejoiced with Mary, who praised the Lord for so distinguishing her in the beautiful Magnificat.

"My soul doth magnify the Lord And my spirit hath rejoiced in God my Saviour. For He hath regarded the low estate of His handmaiden: for behold, from henceforth all generations shall call me blessed."

Zacharias' child was born first, and they named him John, as they had been bid, although the neighbors and cousins said John was not a family name. After the birth Zacharias recovered his speech and prophesied, saying, "Blessed be the Lord of God of Israel; for He hath raised and redeemed His people. And hath raised up an horn of salvation for us in the house of His servant David."

Zacharias prophesies:

"As He spoke by the mouth of His holy prophets, which have been since the world began: That we should be saved from our enemies, and from the hand of all that hate us."

Also, his people still are hated and persecuted more so in this last era than ever before. "How long, O Lord, how long?" they might wonder.

"And thou, child," Zacharias continued, shall be called the prophet of the Highest; for thou shall go before the face of the Lord to prepare His ways."

"And the child grew, and was strong in spirit, and was in the deserts till the day of his shewing in Israel."

Then Luke tells the beautiful story of the birth of Jesus, the visit of the shepherds and the wise men, the search of Herod for this Babe who was to be "King of the Jews" in his place, and the murder of the babies under two. Warned by an angel, Joseph took Mary and the Babe to Egypt and stayed there until Herod was dead and it was safe to return, when they settled in the town of Nazareth.

He also relates how Jesus "waxed strong in spirit, filled with wisdom and the grace of God was upon Him."

Of Jesus' childhood we know little, but Luke tells of His visit to Jerusalem with His parents, and how on the way home they missed Him, and returning, found Him in the temple asking the doctors questions and answering them.

Capt. R. S. Hall Tells Students Of Paratrooper Life

Captain Raymond S. Hall, chaplain with the 502nd Paratroop Regiment of the 101st Airborne Division, was the Memorial Day speaker at George Washington Junior high school Tuesday afternoon, when he told his audience of students the story of the paratroop training and overseas service which earned him the title of "the jumping parson."

At the conclusion of his informal talk, Capt. Hall answered questions from the audience. In introducing the chaplain, B. K. Thacker, principal of the school spoke briefly on the Memorial Day theme.

Following the main talk, the school band opened the program with the playing of "All-American" and Mrs. Pearl Johnson led the devotional. Leading in the "call to colors" were Scouts Charles Wink, trumpeter; Bill Black, Don Bremerman, John Hickey, Ned Vidal, David Horchler and David Sontas. All of the scouts in the audience were in uniform.

Gillette Resigns As Head Of Surplus Property Board

WASHINGTON May 31.—INS—Former Senator Guy M. Gillette of Iowa has tendered his resignation as head of the division of power and power planning.

Gillette told newsmen he has presented his resignation to the president.

At the same time, the committee unanimously approved the nomination of Clinton P. Anderson, D-N.M., as secretary of agriculture.

Hearings on the Wickard appointment were set for June 11.

Decisions to hold hearings on Wickard's nomination came after farm-state senators attended a closed session bearing scores of anti-Wickard telegrams from members of rural electrification cooperatives which borrow money through REA.

Pirates Split With Brooklyn In Weird Games

Pittsburgh's Red-Hot Bucs Grab First Game 13 To 5. Lose Second 14-10

YANKEES PLAY TO BIGGEST CROWD

By CHARLES LINSTEIN
International News Service Sports Writer

NEW YORK, May 31—INS—Major league baseball managers today reported that upwards of two hundred thousand fans took advantage of the holiday and perfect weather yesterday to pay their respects to their local favorites.

The two local teams, the Yankees and the Pirates, came under a special scrutiny. In New York, a crowd of 50,000, the biggest baseball throng since the beginning of the war, jam-packed its way into Yankee stadium to watch the legends leading New Yorkers battle for their ninth win in a row, as they faced the second-place Detroit Tigers.

Tigers-Yanks Split

Detroit Manager Steve O'Neill elected Frank Overmore to cool the Yanks off in the opening fray, and "Stubby" did just that. New York collected a pair of runs in the first inning, but after that the vaunted Yankee attack collapsed like a pierced balloon. Detroit grabbed a run in the ninth to settle matters, 3-2, the Yankees, fighting for their hold on first, managed to win the nightcap by the same score and put two games between themselves and the runner-up Tigers.

Frankie Frisch's Pittsburgh Pirates met the Brooklyn Dodgers and together they held a series of strange times which, for want of a better name, must be called a double header. The Bucs saluted away their ninth game in a row when Brooklyn pitcher Tom Seats suddenly went loco in the fifth inning of the opener and followed it up by manning with a wild pitch. Between the Dodger fielding and their own clearing, the Pirates sent nine runs thundering across the platter in one frame.

The final score was Pittsburgh 13, Brooklyn 7.

Pirates Streak Halted

In the second contest, restrictions were halted midway for a "beeball" contest between Hal Gregg of the Brooks and Art Cucumello of Pittsburgh. When the dust of bat-finally lit, the Dodgers were on top by the wondrous score of 14-10, making a total of 42 runs scored during the afternoon.

The Cincinnati Reds were the only ones to gain ground on top pace-setters, New York Giants. Playing to be-maligned crowd at the meadow yesterday, the Redlegs tagged the Philadelphia Philies for two games, 3-0 and 9-2.

The Giants split with the Chicago Cubs, taking the first 8 to 6 on May 30, and the second 6 to 5. Ernie Lombardi's twelfth circuit blow of the year and dropping the aperitif to Bob Chapman of the Bruins, 11-2.

Cards-Braves Split

A home run by Ray Sanders with one on in the twelfth gave the St. Louis Cardinals a 4-2 verdict in their opener against the Boston Braves, but the Braves coasted to a 9-2 verdict behind Jim Tobin in the second tilt.

In Philadelphia, the Athletics and the Chicago White Sox divided, the Chicagoans grabbing the curtain raiser 5-2, only to drop the finale by a 4-2 count.

A three-run rally in the ninth gave the Cleveland Indians a 4-3 decision over the Boston Red Sox, but the Sox came back with true poetic justice to score six runs in the eighth and win the nightcap, 7-6.

The Washington Senators handed the St. Louis Browns a double pasting in a two-night twin bill. The first game went thirteen innings before the Browns eked out a 3-2 triumph, while rookie Mariano Pieretti turned in a five-hit, shutout performance to sink the Brownies, 5-0, in the finale.

Bombing Raids On Japanese To Make New Record

By GEORGE LATTI

International News Service Staff Writer

Even to the myopic eyes of the most ardent Japanese militarist smacking from the smoke of burning Japanese cities it must be obvious today that the home islands of Nippon soon will be on the receiving end of the greatest aerial assault in history.

A black pall of smoke blanketed Tokyo Bay from blazing Yokohama after some 450 American Superforts plastered Nippon's fifth largest city with 6,400,000 pounds of incendiary bombs.

Only Forerunner

This was the second daylight incendiary attack launched by the monster aircraft. But it was merely the forerunner of many more similar attacks which soon will hammer Japan on a round-the-clock basis.

Even as the American bombs were crashing down into crowded Yokohama the Japanese high command across the bay in Tokyo was doing another of its acrobatic shuffles, removing Admiral Soemu Toyoda from his post as commander-in-chief of the Japanese combined fleet. He was succeeded by Vice Admiral Jisaburo Ozawa.

This is the eleventh reshuffle in the emperor's supreme command. It is another frantic effort to save do something—anything—to stave off the total destruction of the Japanese homeland which each day becomes more and more imminent.

Need More Than Talk

But no changes in command, no ranting and raving over Tokyo radio, and no appeals to the Japanese people for more and greater sacrifices can stay the screaming flight of a blockbuster or an incendiary bomb launched from an American plane overhead.

Meanwhile, the vast bomber fleets

of the American and the British Air Forces are en route to the Pacific. Within a few weeks, too, will be dropping their explosive cargoes upon the Japanese home islands.

When these vast sky armadas from Europe join in the fray in the Pacific, military experts envision simultaneous air attacks against half a dozen Japanese cities every day.

Industries Centralized

Unlike Germany where industrial areas were widely scattered, Japan has virtually her entire industrial war potential clustered in crowded cities around the Inland Sea.

The fanatical efforts of Japanese suicide planes to halt the Allied attacks are indicative of the fear lurking in the hearts of the Japanese high command.

Arrival of the American and British aerial contingents in the Pacific theater will, of course, be kept secret for a time. We in the United States may not know for some days whether our boys from Europe are in the battle across the Pacific.

But one thing is certain: the Japanese will be promptly notified by the Japanese themselves—with cascades of torpedoes upon ready explosive destined to make the Japanese war lords cry "uncle".

AROUND CITY HALL

Years ago city council proposed that an inventory of all motorized equipment be made and that a record of gasoline and oil consumption be kept. The only police equipment not labelled "Police" are the police cruisers.

If the city enforces health laws here there will be less hay fever to punish people months hence. An ordinance requires the cutting down of weeds. Many persons own unimproved lots which annually present a "weedy" appearance. The city has authority to curb this situation.

Permits given to persons handling food and drink in March are good for several months yet, according to the health bureau. However, proprietors of such places must take out a permit from the state through the local health department. These places should undergo rigid inspection.

Less than a century ago, iron was the basic metal of the world. It was stronger and much cheaper than most other metals. Steel at that time was relatively rare.

Governor Orders Speed In Move To Free Bridges

Old Harmony Route Bridge Between Ellwood City And Koppel Is One Affected

HARRISBURG, May 31.—(INS)—The State Highways Department had orders from Gov. Edward Martin today to accelerate the \$7,000,000 program for freeing 10 toll bridges throughout Pennsylvania.

Secretary John U Shroyer has been negotiating for the structures for more than 10 months under authority granted 10 years ago when the electorate approved a \$10,000,000 bond issue to carry out the program.

Two bridges each are located at Harrisburg and Bethlehem and one each at Sunbury, Allentown, Clarks Ferry, Point Merion, Charleroi and Ellwood City.

"Now that the bills are signed," Shroyer said, "I will start immediately to come to an understanding with the companies regarding the value of the bridges."

I will call in the companies for discussion of the prices and will make an offer for purchase," he added.

Shroyer explained that nine companies had submitted offers to sell, while an "arbitrary figure" had been placed on the tenth bridge.

Senior Awards At Union High School

Ten Seniors Of 1945 Class Win Awards At Final Assembly On Wednesday

Seniors at Union high school had charge of the last of their many assemblies in the school on Wednesday afternoon, when awards were presented to outstanding seniors and tributes were exchanged with other classes and with the faculty.

Elmer Goode led the devotional when the program opened and Duane Park led group singing. A tribute to the class of 45 was made by Frank Kuhn, a junior and was followed by a trio of senior girls—Pauline Gritte, Pat Giske and Dorothy Park singing "Sweetheart of All My Dreams" and "I'll See You in My Dreams."

Senior awards

Before the presentation of awards Robert Shaughnessy gave a tribute to the school on behalf of the senior class. Presented by Milton A. Paton, principal of the school, the awards were as follows: commercial, Leo Plonka; vocational, William Hunt; business, William Hunt; book and Lomb science award, William Hunt; Readers Digest subscription, William Hunt; art award, Jean Frock; scholarship award, Mary Mumford; English award, Beatrice Lenhardt; history award, Mary Mumford; mathematics award, Donald Stratwell; activities award, Roger Cooper; citizenship award, Dennis Park; sportsmanship award, Robert Bett; athletics award, Elmer Blodgett.

Louis Krueger expressed the tribute of the senior class to the faculty after which Pat Giske, the popular song "All of My Life" Robert Cooper, president of the class, gave the farewell of the seniors to the school and the student body joined in the singing of the national anthem.

Have Given Lives**

Twenty-seven men from Lawrence county have given their lives in the present war, the records of the department of veterans affairs in the county house show. "In rank we range from a high private to an including a major. In service, however, we vary, each of them adding a part to the glorious record of the marine corps.

On Sunday morning June 3, the annual memorial service of the Marine Corp League will be held in Epworth Methodist church as a part of the nation's program of observances on Memorial Day. At the conclusion the service of all marines who have given their lives in the various wars of the United States will be remembered. An official service for the dead of World War 2 will be presided over as part of the service.

The Game Sgt. Harry T. Bush detachment of the Marine Corps League will have charge of the postal memorials and it is expected that other military organizations will join.

Commander Peter McGinty and his associates are working out the details of the service on Sunday morning and for it is expected Epworth church will be filled.

In 1913 the U. S. Army had 45 airplanes and 23 officers in flight training.
